

## Add a mouse-over in the To Do list to show evidence Summary description

We have added a function whereby users can now view the **Summary description** of evidence from the **To Do** list, so they can see the title of the piece of evidence without having to open it.

The user would hover over the evidence number and the title (summary description) of that piece of evidence appears.

▼ Unsubmitted evidence				
Learner	Date saved	Evidence number	Qualification	
ABC, ABC(761)	27/02/2023	761/E/1295	Customer Services NVQ - L2 10	Edit
Gillett, Graham(38)	14/04/2021	38/E/1273	No qualification / criteria selected	Edit

The **Summary description** field displayed is located here on the **Log new evidence** tab.

Unit assignments | Assessment plans | **Log new evidence** | Evidence list | Reflective account | Learning content | Progress reviews | Unit status, evidence matrix & signoff | Qualification status & signoff | Learner activity log | Learner details | Search evidence

**Evidence**

- Work products
- Witness testimony
- Written questions
- Simulation / storyboard
- Professional discussion
- Direct observation
- Oral questions
- Candidate feedback statement
- Accredited prior learning
- Diary entry

Summary description (max. 80 characters)

### Top Tip

*If the learner has more than one assessor/teacher, a great idea would be to ask the learner to include the initials of the assessor within the title of the evidence. Using this new function, the assessors/teachers can hover over the evidence number and see the summary description and also their own initials to see instantly who has perhaps set the work or who is the most appropriate person to assess/mark that piece of work. An assessment plan reference number could also be quoted for ease.*
